

Letter from our Founder & CEO

Dear Advertiser,

In the midst of the 2020 Global Pandemic, a pressing need for mental health support emerged worldwide. It was during this challenging time that I embarked on the journey to create Mind Hub Directory.

Originally, I worked as a mental health professional, seeing clients and advertising on other directories. However, I soon realized that I could make a more significant impact by establishing my own directory. Drawing from extensive research on existing platforms, I merged the best elements into the platform you see today.

As a seasoned keynote speaker with over a decade of experience, I recognized the potential to take this directory to corporate organizations. I invite you to join Mind Hub Directory and grow alongside our business. Let us leverage your expertise and my presentation skills to empower others worldwide.

This platform was born from a deep understanding of how to improve the advertising landscape. I firmly believe in the power of mental resilience, and our mission is to provide you with a powerful platform to showcase your services more effectively.

In a world where reaching the right audience can be a challenge, Mind Hub Directory offers you a unique opportunity to connect with individuals and corporate clients seeking expert mental health services.

Thank you for considering Mindhub Directory as a valuable platform for your advertising needs.

Sincerely,

Liza Pavlakos

Benefits of Advertising with Us

- **Easy Profile Sharing** : Share your profile without the need for your own website.
- **Global Reach** : Reach a worldwide audience through our online platform.
- **Direct Bookings** : Secure bookings directly through our website.
- **Enhanced Profile** : Elevate your profile with additional advertising options, including images, your address, and more.
- **Location Visibility** : Showcase your company and its location to potential clients.
- **Clear Services Description** : Describe your services to ensure clients understand you're the right choice.
- **Expertise Highlight** : Highlight your primary areas of expertise.
- **Service Offerings** : Feature up to 10 ways you assist clients.
- **Client Targeting** : Focus on the types of clients you work best with.
- **Video Presentation** : Share a video introducing your business.
- **Website Link** : Direct visitors to your website for more information.
- **Accessible Contact** : Provide easy access for clients to reach out to you.
- **Transparent Pricing** : List your insurance options and fees.
- **Social Media Connection** : Connect with clients through your social media profiles.
- **Online Consultation** : Inform clients about your online consulting services.
- **Online Booking** : Accept bookings through a convenient online form.

What Sets Us Apart?

- 1 Direct Corporate Connections** : We take a unique approach by connecting you directly with corporate organizations. Our directory is their preferred resource, giving us a distinctive advantage.
- 2 Value-Driven Research** : We've conducted in-depth market research on other directories to ensure you receive excellent value. We're dedicated to making your profile shine, with meticulously crafted, detailed pages that help clients fully understand why they should connect with you.
- 3 Global Advocacy Impact** : Our company is founded by Liza Pavlakos, a renowned figure in the world of public speaking and suicide prevention. Liza's global advocacy for mental health means she can elevate your business on a worldwide scale through her keynote engagements and media presence. To find out more, visit www.lizapavlakos.com.

About Anthony

Anthony Lekkas (he/ him) is a family violence consultant, trainer, relationship counsellor and accredited mental health social worker and his work spans over 18 years of working in the LGBTIQ and mainstream not-for-profit community health sector and in private practice at Northside Counselling Solutions.

His clinical work experience involves working with victim survivors and perpetrators in 'hetero' and queer men's behaviour change programs and in private practice he provides relationship counselling to LGBTIQ and straight people in monogamous, non-monogamous and polyamorous relationships.

Get to know Anthony

Why did you become a therapist?

I grew up experiencing a range of family life struggles and was fortunate to have a long and meaningful relationship with a therapist who was caring and empowering of me at very sensitive times in my life.

As a passionate and dedicated therapist, I believe in the importance of self-healing and growth both personally and professionally, therefore I participate in ongoing personal and professional development processes to enhance my
